## Oakmead Dental Care - September Newsletter

### Oakmead Dental Care Newsletter:

Welcome to your latest newsletter from Oakmead Dental Care! We've been working hard to improve our services and facilities, and we're excited to share some important updates with you.

### Enhancing Your Care with New Specialists

We are thrilled to announce the arrival of two new specialists who will help us provide you with even more comprehensive care. Please join us in welcoming Dr. Duncan Grant, our new endodontist, who is a special interest Endodontist for root canal treatments. We also welcome Dr. Neha Kansagra, our new periodontist, who specializes in treating gum disease. Their expertise means you can receive specialized, high-quality treatment right here in our practice.

### A Commitment to Our Community

Starting on September 14th, we're launching a monthly community outreach project to provide free dental care to our local homeless population. We are also collaborating with high street restaurants to provide a free meal after their treatment. This is just one of the ways we are committed to giving back and supporting our community.

### New Ways to Pay and a Practice Refresh

We understand that dental care is an investment, which is why we're pleased to now offer 0% finance through Tabeo. If you would like to know more, please speak to a member of our reception team from September.

Thank you for your patience and support during our recent renovations. We are delighted to announce that they will be fully complete by September 7th. We can't wait for you to see our new and improved practice, designed to make your experience even more comfortable.

## Important Reminders for You

**NHS Children's Appointments:** As the summer holidays end, remember that we offer NHS children's appointments for families where a family member is a regular patient with us.

**New Coffee and Tea Station:** Please help yourself to a complimentary hot drink from our new coffee and tea station, located at the front desk. Our reception team is always happy to assist you.

**Automated Booking System:** Just a friendly reminder that our new system has been automatically re-booking routine appointments for 3, 6, or 12 months in advance since July. You will receive reminders a month, a week, and two days before your appointment. If the time doesn't work for you, just give us 48 hours' notice to cancel or rearrange.

We are committed to providing you with the highest quality dental care in a comfortable and modern environment. We look forward to seeing you at your next appointment!

Many Thanks
